----- #DARKSYDEPHIL 20171101 DAY OFF, THROAT ISSUES.LOG

[17:40] <darksydephil> yeah sorry all, throat is swollen, makes sense to just save my voice and hopefully im better tomorrow

----- #DARKSYDEPHIL 20171102-01 MARIO ODYSSEY 3RD.LOG

[12:25] <darksydephil> wassap

[12:25] <darksydephil> setting up now folks!

[12:26] <darksydephil> the one year crowns have arrived!!!

[12:26] <darksydephil> very nice, i like them

[12:28] <darksydephil> well heres the deal

[12:29] <darksydephil> i dont have a typical sore throat this time. in fact im not really gunked up at all

[12:29] <darksydephil> my lefthand side of my throat is swollen, its the glands, meaning i have a viral infection

[12:29] <darksydephil> i can feel the swollen lymph node on that side

[12:29] <darksydephil> so talking it doesn't even effect, its not like a raspy or irritated throat. ive had this before and its rare, its not the typical issue i get

[12:30] <darksydephil> okay, please send me \$1k so i can go to the doctor tomorrow lol

[12:30] <darksydephil> lymph nodes always swell during an infection

[12:30] <darksydephil> its actually if you have swollen nodes and no pain that you need to worry

[12:31] <darksydephil> i.e. it could be something serious

[12:31] <darksydephil> but since ive got obvious throat swelling and pain it makes sense

[12:31] <darksydephil> i should be fine for streaming, since its not the actual raspyness of the throat or anything. i just have to take it easy and let the infection ride itself out

[12:32] <darksydephil> if it doesn't go away, then ill go to the doctor but ive had this before and it always does

[12:32] <darksydephil> not for the self employed aproxymate, we get the worst insurance in the nation

[12:33] <darksydephil> for me to do anything except the yearly checkup, its "coinsurance" meaning the insurance only pays a certain amount and ill still get hundreds if not thousands of dollars in bills

[12:33] <darksydephil> thats why in 2015 with my foot, i paid over \$1k

[12:33] <darksydephil> i had an xray, blood test, and then the meds. nothing was covered

[12:34] <darksydephil> btw there should be two changes today, we'll see

[12:34] <darksydephil> first change is, if someone tips me, it now says that in the stream chat along with their message

[12:34] <darksydephil> it ties in with nightbot to do that

[12:34] <darksydephil> second change is, if someone pledges to patreon its apparently supposed to tie in with muxy but

[12:35] <darksydephil> muxy doesn't even explain HOW. it might just be tracked but not displayed. i see no option to do a pop-up thank you for that

[12:35] <darksydephil> yeah theres no way to know until i try it out

[12:35] <darksydephil> i definitely linked it

[12:35] <darksydephil> in fact let me take a look right now bc someone actually pledged this morning

[12:37] <darksydephil> yeah i literally see nothing about patreon in muxy. seems like its a good idea they haven't implemented yet

[12:39] <darksydephil> okay is the stream working?

[12:39] <darksydephil> okay ill tweet out the stream

[12:44] <darksydephil> i just chugged my tea lol

[12:44] <darksydephil> brb gonna grab a seltzer and then start

[13:17] <darksydephil> testing the crown

----- #DARKSYDEPHIL 20171102-02 CODWWII 1ST.LOG

[20:22] <darksydephil> who's ready for some COD action?
[20:23] <darksydephil> okay, settle down, stop getting all excited
[20:23] <darksydephil>
[20:24] <darksydephil> oh yeah, let me check muxy quick and see if it says anything about patreon
[20:25] <darksydephil> nope. i dont get this at all
[20:25] <darksydephil> why allow me to link my patreon if it doesn't actually do anything with it lol. pretty lame
[20:25] <darksydephil> wassap guys, going live shortly
[20:26] <darksydephil> it tracks nothing
[20:26] <darksydephil> theres nothing anywhere in it that has any data on patreon, lol
[20:26] <darksydephil> it allows you to link patreon and thats it
[20:26] <darksydephil> makes zero sense. mayb ethey'll implement it in the future
[20:33] <darksydephil> ONE MORE TIME

----- #DARKSYDEPHIL 20171103-01 CODWWII 2ND.LOG

[12:34] <darksydephil> hello folks
[12:34] <darksydephil> should be live in a sec
[12:35] <darksydephil> yeah since it apparently works
[12:38] <darksydephil> okay folks, we ready?
[12:38] <darksydephil> wow we are one sub under my record lol
[12:39] <darksydephil> wassap

[12:40] <darksydephil> i slept pretty well i think
[12:40] <darksydephil> i still dont have my heat on so it gets really cold at night so ive started to bundle up lol

[19:14] <darksydephil> okay im back and setting up
[19:22] <darksydephil> wassap
[19:22] <darksydephil> im a tad bit early so i expect some slowpokes bu tim gonna start relatively soon
[19:22] <darksydephil> i want to get like 2-2.5 hours in of gameplay tonight
[19:22] <darksydephil> a jack in the box emote? lol
[19:23] <darksydephil> so there was gonna be a dsp tries it this week
[19:23] <darksydephil> but honestly i didnt eat out, so i didnt get what i was gonna get for it yet lol
[19:24] <darksydephil> yeah i honestly shouldn't be eating out all the time
[19:24] <darksydephil> today i had a caesar salad and soup, light salad with no meat, and fresh chicken noodle from the local grocery store
[19:24] <darksydephil> much better than burgers or tacos lol
[19:25] <darksydephil> more MP of course
[19:26] <darksydephil> yeah i eat out the day that i run my errands/grocery shopping and sometimes 1 more time to get something for dsp tries it, so 2 times a week tops
[19:26] <darksydephil> stream showing up for everyone? if not, try refreshing, i fyou're using teh twitch beta it never works
[19:26] <darksydephil> lol
[19:27] <darksydephil> yeah chic fil a isn't on the east or west coasts where ive been
[19:27] <darksydephil> i want to try it personally
[19:27] <darksydephil> we are one sub below topping my record lol
[19:27] <darksydephil> we're about to find out Shockstorm , it was hit or miss earlier
[19:27] <darksydephil> yes im playing all modes BUT war online tonight
[19:28] <darksydephil> let me tweet that we're live

----- #DARKSYDEPHIL 20171104-01 CODWWII 4TH.LOG

[12:34] <darksydephil> hello everyone
[12:35] <darksydephil> stream will be live shortly. also, its very cold here lol
[12:37] <darksydephil> nah giving it a rest today
[12:37] <darksydephil> tomorrow night im going to do a lot of behind the scenes work, one of the things ill do is make a playlist of the remixes for prestream
[12:37] <darksydephil> BTW i'm up to 291 subs now, a new record. if we get a few more, I hit 300 sub points, which means i get more emotes and stuff unlocked for subscribers
[12:39] <darksydephil> i usually get a good number of new followers daily, although a lot of them are probably bots
[12:40] <darksydephil> stream up and running for everyone?
[12:41] <darksydephil> also daylight saving time ends tonight
[12:41] <darksydephil> which means in hte USA our clocks roll back an hour
[12:41] <darksydephil> but also means streams will be an hour later
[12:41] <darksydephil> okay ill tweet that we're live, then grab drinks
[12:42] <darksydephil> okay brb

----- #DARKSYDEPHIL 20171104-02 CODWWII 5TH.LOG

[19:31] <darksydephil> wassap everybody
[19:31] <darksydephil> anyone here?
[19:32] <darksydephil> nice
[19:32] <darksydephil> setting up now for more MP
[19:33] <darksydephil> i think more war, then TDM or domination or kill confirmed
[19:33] <darksydephil> btw we're now up to 295 subs!
[19:33] <darksydephil> so close to 300
[19:34] <darksydephil> yup we do
[19:34] <darksydephil> almost all of mine are automatic
[19:34] <darksydephil> just my oven and my microwave are manual
[19:35] <darksydephil> and a clock in my living room too i think
[19:35] <darksydephil> im about to stream righ tnow
[19:38] <darksydephil> I've done pretty good for a year of streaming on twitch
[19:38] <darksydephil> over 46k followers, almost 300 subs, added millions of views
[19:40] <darksydephil> absolutely
[19:40] <darksydephil> stream working folks? '
[19:41] <darksydephil> cool ill tweet it out, maybe we can hit 300 subs tonight!
[19:41] <darksydephil> Zahvone it's better than every modern-esque COD besides Modern warfare IMO
[19:41] <darksydephil> but i think the original games just had charm in their simplicity
[19:43] <darksydephil> just watch American Beauty over and over, Spacey is a complete scumbag in that one so it feels good lol
[19:44] <darksydephil> yeah thats a movie of like, all realistic villains
[19:44] <darksydephil> i bet its not just guys either, its just anyone in power. they abuse that shit all the time i'm sure but nobody says shit bc everyone wants to work
[19:45] <darksydephil> look at Toby Turner, guy only had a stupid as fuck youtube channel but even he did fucked up stuff to girls who were just starstruck, or knew he was their ticket to fame
[19:51] <darksydephil> dspSexy

----- #DARKSYDEPHIL 20171105-01 CODWWII 6TH.LOG

[12:35] <darksydephil> no, im going for 100 deaths to top my record
[12:36] <darksydephil> LOL yeah, every menu in COD links to every other menu, for some odd reason

[13:17] <darksydephil> we're workign on it folks
[13:17] <darksydephil> almost ready but of course having issues

[12:24] <darksydephil> hello

[12:25] <darksydephil> wassap

[12:25] <darksydephil> setting up now

[12:26] <darksydephil> wondering how close i am to the end of wolfenstein ii

[12:31] <darksydephil> last nights sonic stream was pretty wild

[12:31] <darksydephil> if you guys weren't here youw ant to check out those vids lol

[12:34] <darksydephil> i tweeted the stream out

[12:35] <darksydephil> brb gonna grab drinks

[12:37] <darksydephil> refresh the page

[12:37] <darksydephil> its a twitch glitch with the new beta that they launched for everyone

[12:38] <darksydephil> a simple refresh fixes it

[12:39] <darksydephil> i didnt make this

[12:39] <darksydephil> this is a playlist of remixes from 2010 lol

[12:39] <darksydephil> fans used to make them

[12:39] <darksydephil> mass effect 1

[12:40] <darksydephil> aproxymate: in 2011 youtube changed channel pages, they stopped being like social media pages such as myspace/facebook so it was impossible to get other peoples videos noticed anymore. these vids used to blow up when i highlighted them on darksydephil but then it was impossible to get them noticed on dspgaming after the change, so they died out bigtime

[12:41] <darksydephil> i stopped doing full reviews bc they get demonetized

[12:41] <darksydephil> all of my vlogs do

[12:41] <darksydephil> but ill be doing game of the year awards at teh end of the year and talking about a ton of the big releases this year

[12:42] <darksydephil> this is actually a NEW remix from Sbeastmusic

[12:42] <darksydephil> he made it early this year but nobody knew, he didnt even tell me

[12:44] <darksydephil> okay last remix for this prestream

[12:28] <darksydephil> that starts monday

[12:29] <darksydephil> people told me it's awful lol

[12:34] <darksydephil> Ornightz , exactly how many good remixes do you think exist?

[12:34] <darksydephil> the playlist has 17 of them. there were maybe 25 made total. i picked the best ones

[12:35] <darksydephil> of course they're going to repeat. you may as well state the sky is blue and grass is green

[12:35] <darksydephil> it's not very productive

[12:35] <darksydephil> okay then. stop complaining lol

[12:35] <darksydephil> there is no alan wake remix, what your'e talking about is at the end of the game review and was never separated into its own video. one person remixed it but it wasn't very good

[12:39] <darksydephil> the port is awful

[12:39] <darksydephil> it doesn't even run at a consistent 30fps on switch lol

[12:39] <darksydephil> um, DOOM is also locked at 30fps on switch. that's horrendous for DOOM

[12:32] <darksydephil> i guess i can start capturing at 30 and then change it if its 60...damn

[12:33] <darksydephil> thats a different game ratchefan12 lol

[12:34] <darksydephil> logviewer is the logging bot

[12:35] <darksydephil> i guess ill start it at 30fps and we'll go from there

[12:37] <darksydephil> i dont think anything this week is big enough to warrant their own gifs except battlefront 2

[12:37] <darksydephil> Dr Zombius is working on a set for the holidays so thats the next one ill use unless someone else makes me some

----- #DARKSYDEPHIL 20171118-02 SW BATTLEFRONT 2 5TH.LOG

[19:32] <darksydephil> yo

[19:33] <darksydephil> yup

[19:36] <darksydephil> i hope there's still a stage where you play as Vader, and he spends 20 minutes running around collecting items instead of fighting. Kind of like Luke fighting bugs

[19:36] <darksydephil> it'd be the culmination of what all star wars fans want!

[19:37] <darksydephil> well im about to use Lando so....

[19:37] <darksydephil> i guess we'll see how it goes lol

[19:38] <darksydephil> hes his grandson

[19:41] <darksydephil> lol this fucking captain alpacino guy, im so done with him

[19:41] <darksydephil> so he's been hounding me multiple times a day to play SW battlefront ii MP with me despite the fact ive explained to him 3 times that im not going to do any coop or team MP

[19:42] <darksydephil> he still thinks he should be able to. so i stopped responding to his stupid emails, and now he's threatened to pull his patron pledge

[19:42] <darksydephil> in his THIRD EMAIL to me today, by the way

[19:42] <darksydephil> so he thinks that threatening me is going to get him into MP tomorrow. yeah, i dont

respond well to threats lol

[19:43] <darksydephil> he literally just said "i will be pulling my pledge on patreon and no longer supporting you unless you have me in MP tomorrow"

[19:43] <darksydephil> thats a direct threat lol

[19:44] <darksydephil> this is after i told him i'm not doing MP with ANYBODY , not just him. he thinks he's special and deserves it lol

[19:44] <darksydephil> when you get that kind of behavior, that's when you know to just distance yourself as much as you can

[19:48] <darksydephil> ok i updated stream title, i guess it didnt save the first time

[19:59] <darksydephil> my mic died lol

[20:00] <darksydephil> i have to restart the stream quickly lol good thing i didnt start yet

[19:41] <darksydephil> yes you do, on my screen
[19:42] <darksydephil> okay so i know exactly what the patreon goal will be for december, and i swear to god, if we don't hit it, i give up lol
[19:43] <darksydephil> btw today was finally the big unsubbing day, im back down to 286 subs as i suspected i would drop
[19:43] <darksydephil> i even suspect about 15 or so more in the next day
[19:44] <darksydephil> thank you brodie!
[19:44] <darksydephil> thanks NightQueen , literally anything right now really helps
[19:45] <darksydephil> subs were up to 308 yesterday before the drop
[19:45] <darksydephil> so we lost over 20, because more people subbed today, probably around 30 total
[19:46] <darksydephil> Kekon next new games are: Hidden Agenda, Horizon zero dawn the frozen wilds, the upcoming RE7 DLCs, player unknown's battlegrounds. let me know if you pick any of those to do gifts for, so i can let you know if its okay

[12:31] <darksydephil> its hard to tell because again, i dont know if everybody will clear or not. if everybody does, we will hit the goal. It looks like about \$300 has cleared so far this month from people upping their pledges. So it needs about \$950 to clear and we do have that pledged, but WILL it clear is the question?
[12:32] <darksydephil> so when the stream goes live, you guys can start messing with the new Live Pet extension
[12:32] <darksydephil> i think it becomes interactive when the stream starts
[12:33] <darksydephil> FYI i'm not getting paid for it, but if you spend money on it (i think there are 3 options?) i get a cut. But I'm not asking you to do that, i'm just curious if it even works because Kappa Pet didn't
[12:42] <darksydephil> i think Live pet is supposed to evolve every 5th or 10th level
[12:42] <darksydephil> i forgot lol

[19:44] <darksydephil> is that a common emote pops?
[19:45] <darksydephil> if so it actually might, it evolves into all of the common ones
